SCHOOL HEADS TO GATHER AT VEGAS TONIGHT

United States Commissioner of Education to Take Prominent Part in Educational Conference.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
East Las Vegas, N. M., June 6.—The conference of county superintendents and other educational workers which will begin here tonight for a three days session, will bring together a representative gathering of New Mexicans and several distinguished persons from without the state. P. H. Claxton, United States Commissioner of Education, will come all the way from Washington to attend the conference because his previous visits to the state have aroused his interest in an educational survey of New Mexico, for the purpose of discussing which the meeting was called. The Las Vegas Commercial club sponsored the movement when the need of an educational survey was called to its attention. The club will pay a considerable portion of the expense of the visiting county superintendents. From responses received to the invitation, it appears that nearly

all the county superintendents will attend.
Prominent Educators Expected.
State Superintendent Alvan N. White, his assistant, Filadelfo Bacon, and several city superintendents, including Superintendent Milne, of Albuquerque, will be present and participate in the progress. Heads of state schools, including President Lloyd of the university, President Lady of the agricultural college and President Fayette A. Jones of the school of mines, will give addresses and participate in the discussions. Secretary of State Antonio Lucero, a former teacher and an ardent worker in the cause of education, will be here to give his views on the need of an educational survey. The bi-lingual situation in New Mexico likely will be discussed, as it is recognized as presenting an important problem not yet satisfactorily solved.

The newspaper fraternity has been asked for an expression of its views regarding education. M. L. Fox, editor of the Albuquerque Journal, will give an address on "The Schools of Tomorrow," and H. B. Henning, editor of the Albuquerque Herald, will speak upon "The Relation of Higher Institutions to Public Schools."
Claxton Will Speak.
Commissioner Claxton will speak several times, but his most important address will occur on Wednesday evening, in the Duncan opera house, when he will speak to the educators and as many of the townspeople and normal summer school students as can get into the building. On Thursday morning, at the Castaneda hotel, Mr. Claxton will be the guest of honor at a breakfast given by La Junta de Las Vegas, at which a representative company of state educators and Las Vegas will be present. On Thursday afternoon the visitors will be guests of the Commercial club on an automobile ride to points of scenic interest. In the evening the normal

university class of 1916 will repeat its class play, "Green Stockings," at the Duncan opera house. The visitors will be honored guests at this performance, and will gain admittance on "free transportation," which the Interstate Commerce commission has not so far barred in relation to theaters.

Program of Conference.
Following is the program for the conference:
Tuesday Evening.
8 p. m.—Address of welcome: For the county, County Superintendent M. P. DesMarais; for the city, Charles W. G. Ward; for the club, President N. O. Hermann.

Attorney Vaughn informed him of violation of the law at Columbus and the judge accompanied the assistant attorney to that thriving military metropolis, and it is more than likely that the violators of the law there will be little more careful hereafter. The judge fined one or two of them \$100 apiece and costs and bound over the bunch to answer to the grand jury, making them put up a bond of \$2,500 or board temporarily with Sheriff W. C. Simpson.

STATE MUSEUM NOTES
(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, June 6.—Mrs. Mary Harris, of Madison, Ga., the well-known platform speaker and author, was a visitor of the museum, together with Miss Harriett L. Henderson, of East Vaughn, the president for New Mexico of the Woman's Christian Temperance Union. They enjoyed especially the exhibit of the English artists, Misses Laura P. Moore and M. Ellen Moore, of Los Angeles, who fourteen years ago were connected with the Presbyterian mission school in this city, spent part of the day at the museum and marveled at the beautiful transformation the Palace has undergone, in being restored to its ancient outlines and traditional simplicity and majesty.

Others who registered were: J. L. Dodson, Franklin, Ky.; A. J. Hanford, Creighton, Neb.; Mrs. C. L. Bell, Earl R. Bell, San Antonio, Tex.; Mrs. R. O. Jarboe, Lake Village, Ark.; R. G. Casey, Paden, Okla.; C. Carlson, R. H. Paddock, San Francisco; Arthur Stearns, Columbus, O.; Miss Madge Stephens, Miss Mary Holder, Miss Esther E. Holder, Venus, N. M.; C. S. Hawkins, Los Angeles; Mr. and Mrs. Walter Ufer, Chicago; Vern McKeown, Fairfield, Neb.; Mary A. Bunker, Denver; Severino Trullio, J. E. Swain, C. C. Lewis, Wagon Mound, N. M.; Ruby Robinson, Healy, Kan.; Nettie Robinson, Phoenix, Ariz.; Miss Mae Gladin, Otto, N. M.

TO NAME HIGH SCHOOL FOR JAMES GADSDEN
(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Santa Fe, June 6.—James Gadsden, who negotiated the treaty with Mexico, under which New Mexico acquired parts of Dona Ana, Luna and Grant counties, is to be paid tardy honor in New Mexico. The department of education has been notified that the new modern school house in La Union district, Dona Ana county, is to be called the Gadsden high school.

The treaty was signed in 1852 and moved the boundary of Arizona, then a part of Mexico, from the Gila river south to the present international boundary line and also released the United States from the responsibility under the treaty of Guadalupe of Hidalgo to pay for outrages of Indians of the United States committed in Mexico.
Gadsden was a South Carolinian, a graduate of Yale and an officer in the United States army, seeing service in Florida under Andrew Jackson. He had charge of the removal of the Seminole Indians to southern Florida. He served in the Florida legislature, had a plantation in Florida to which he retired after negotiating the treaty with Mexico.

Make Record Trip.

THE TORRENTS OF SPRING

"IT NEVER RAINS, BUT IT POURS."

It is a fact well known to physicians that there are extremely few people who are in a good physical condition in the spring.

The Cause: The repeated demands upon one's energy during the long winter—shut up indoors, sleeping or working in the close air of an overheated room—without proper exercise and relaxation in the sunshine and pure air. Then, too, the common diseases of winter swoop down on many and their feeble resistance makes them a mark for the germs of Gripe—"spring fever" and pneumonia. The torrents of spring usually come at the same time with countless cases of nervous exhaustion and a general rundown condition. This is simply a state of vital bankruptcy—it is recognized by the languor, mental depression, "blueness," headache, sleeplessness, lack of appetite, poor digestion, thin blood and nervousness. Vitality and vigor are undermined.

The Remedy: Just the sort of spring remedy you need to make rich red blood and cure that lassitude and feeling of nerve exhaustion is Dr. Pierce's Golden Medical Discovery which bears the stamp of public approval and has sold more largely in the past fifty years than any other blood purifier and stomach tonic. The refreshing influence of this extract is like Nature's influence—the blood is bathed in the tonic which gives it new life—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated during the winter. Dr. Pierce, the head of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a physician of large experience and practice, was the first to make up an

alterative extract of roots, herbs and barks, without a particle of alcohol or narcotics, which purifies the blood and tones up the stomach and the entire system in Nature's own way. The "Golden Medical Discovery" is just the tissue builder and tonic you require when recovering from a hard cold, grip, or pneumonia. Good blood is everything to every man. It means fresh strong nerves, good digestion, good circulation. Those who have used Doctor Pierce's Golden Medical Discovery marvel at the way it checks blood diseases. See a man to-day with skin all broken out; see him a few weeks later after using the "Discovery," his skin is all cleared up, eyes bright, and he is contented with himself. Buy it now!
